Dear Mr. Passwater,

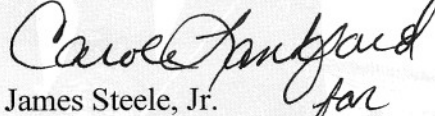

The Confederated Salish and Kootenai Tribes (CSKT) support the Greater Woods Bay Sewer Committee in developing, in conjunction with a qualified engineering firm, a cost effective and efficient wastewater treatment system.

Although your organization is based outside the exterior boundaries of the Flathead Indian Reservation, which contains the South Half of Flathead Lake our aboriginal territory includes Flathead Lake in its entirety.

The CSKT also support the development of a system that will not further degrade the water quality of Flathead Lake and will meet all Tribal or Federal Water Quality Standards.

If we can be of further assistance, please contact Mr. Richard Janssen, Division Manager of the Tribes Environmental Protection Division 406-675-2700, extension 7260 or by email at richj@cskt.org with any further questions.

Sincerely,
Confederated Salish and Kootenai Tribes
